work experience

FULL-STACK JUNIOR DEVELOPER
re.code

Oct 2019 - Feb 2020   Sentul, Malaysia

Assigned to develop a mobile and web apps as a team based project. I've improved my coding such as structuring before codes, using comments to explain what it's about and enhanced my problem solving skills and learn new design patterns like RxDart, new languages such as Dart, React, Typescripts and Go. I was able to help the new company about branding, designing webpage and able to publish through wordpress.

GRAPHIC DESIGNER
IT Garden Sdn Bhd

Sept 2018 - April 2019   Kota Raya, Malaysia

In charge in designing and pricing for all the printing materials. Take and place an order for clients. I gained communication and problem solving skills, and was able to handle the pressure.

GRAPHIC DESIGNER
Flexi Printing Solutions Sdn Bhd

2016 - Sept 2018   Kuchai Lama, Malaysia

Help clients creating logos, mockups, digital marketing social posts and design other printing materials for the companies
